PRODUCT NEWS

TOYOTA YARIS GR 2020-

TOYOTA YARIS GR 2020-

PART NO: TOS MW00S1

Introducing the latest step in the Ohlins Racing automotive philosophy – Road & Track by Ohlins.

Our tradition of high-end racing commitments spans more than four decades, and the state-of-the-art solutions and advanced suspension technology we developed for racing with more than 400 World Championship titles are now available for street cars all over the world. The focus of the Road & Track range has been clear from the very beginning – superior track handling without sacrificing comfort in your daily driving.

The time for compromise is over. The product has been developed and validated with intensive testing on public roads and race tracks. We have used our well proven DFV shock absorbers and on top of this, the shocks have undergone extensive corrosion tests in accordance with ISO 9227, resulting in a 2-year limited warranty on all of our products – worldwide.
