STX 46 SHOCK ABSORBER

PART NO: HD 501 • HD 502

The all new STX 46 shock absorber for the 2018 Harley-Davidson softail gives an impressive increase in performance and comfort. Developed to make those long cruises more comfortable but also give the necessary support when hitting the winding roads. This STX 46 has some unique features such as a silver hydraulic preload adjuster, black spring, custom black preload handle with laser etched Ö logo and CNC machined Aluminum handle to look great on all versions of the new Softail!

Öhlins has fitment for all 10 of the softail models:
